The attached document can be a starting point for some of the materials. Erin Birgfeld is out today. We are going to need to take the first cut at a press release.

Thanks,

Byron

Chris,

Attached is another version of a VW summary intended to get the whole story onto one page. It also includes a first cut at how we might tell the story. I think this second element might be useful for our 1:00 PM call since thinking about how we will explain our actions can be a very good way to make sure those actions make sense.

I haven't sent this to Phil pending your review and thoughts.

Thanks,

Byron
